Valereum Plc - Aquis Showcase 2024 Retail Choice Award Winner

Valereum Plc (AQSE: VLRM), a fintech company seeking to unlock capital and create value in tokenised digital markets, both as a leading technology provider and as a marketplace operator, is pleased to announce that it was selected as the Retail Choice award winners at the 2024 Aquis Showcase event, held on 12 November 2024.

Valereum entered the competition amongst 13 other Aquis listed companies and pitched the VLRM vision of tokenised markets and innovative technology solutions, to transform global finance. Valereum's CEO Nick Cowan delivered the pitch to the audience and was voted the group winner to progress to the final round.

Following an in-depth Q&A session among the finalists, judging panel, and audience, Valereum was chosen as the overall winner of the Retail Choice Award, as decided by the showcase event attendees from within the investor community.

Nick commented on the award, stating: "To be selected as the people's choice out of a pool of very competitive pitches, from a range of industries was simply fantastic. It was encouraging to see so many investors agree with our vision on how the capital markets can evolve utilising innovative technology, and Valereum aims to provide those solutions as we build out our ecosystem in 2025. We look forward to returning next year and demonstrating the progress we have made. Thank you to everyone who voted for us, and to the Aquis organisers for such a great event."
