Website and corporate video launch

West Wits Mining Limited ("WWI" or "the Company") is delighted to release its new corporate website: westwitsmining.com

This is part of the WWI's ongoing transformation to position itself as the only ASX listed, mid-tier gold producer with operations in the premier conglomerate hosted gold regions – Witwatersrand Basin and Pilbara.

Notably, westwitsmining.com includes an informative video production ("About West Wits Mining") which provides an insight into WWI's history, assets and transformation path.

"About West Wits Mining" can also be accessed via https://youtu.be/FZWzmfjmFAk

The recently released WWI 121 Cape Town Investor Presentation (ASX Release 1 February 2018) is also located at westwitsmining.com.

The new corporate website provides a central location for information about WWI, including the summary contained in "About West Wits Mining". Announcements about material information and events will continue to be made to ASX, as well as being made available on the website.
