Valereum Plc

("Valereum", "VLRM" or the "Company")

VLRM Markets to Commence Operations

Valereum Plc (AQSE: VLRM) is pleased to announce that it has instructed VLRM Markets S.A. de C.V. (VLRM Markets), a subsidiary of Valereum Plc, to commence operations, open its Real-World Asset (RWA) Platform and launch its V-Wallet.

VLRM Markets is licensed and regulated as a Digital Asset Service Provider (DASP) by the Comisión Nacional de Activos Digitales (CNAD) in El Salvador. Its license enables VLRM Markets to operate a comprehensive RWA ecosystem under El Salvador's progressive regulatory framework, including:

RWA Platform - A platform for digital asset creation, primary issuance, and secondary trading of tokenised real-world assets.
V-Wallet - A user-friendly interface for interacting with the RWA Platform, enabling the purchase, storage, and transfer of digital assets, including stablecoins, cryptocurrencies, and utility tokens.
VLRM Markets PRO - Tailored services for professional clients, including trading, brokerage, OTC, and custody of digital and tokenised assets.

VLRM Markets is building a growing network of prospective issuers in multiple jurisdictions and, in particular, Central America (including Costa Rica, Guatemala, Panama and El Salvador), spanning industries such as real estate, infrastructure, transportation, hospitality, hotel and leisure, food and beverages, the arts, sports (various), agriculture, and more.

Operations are expected to commence during May 2025, with both the RWA Platform and V-Wallet becoming operational.

Adrian Hogg, Head of VLRM Markets, comments:

"I am absolutely delighted that we have received instruction from the Board to open the RWA Platform and launch the V-Wallet. This is a pivotal moment for VLRM Markets as we are set to launch an exciting range of tokenised RWA products that will bring innovation to the marketplace. We look forward to delivering unique opportunities to both issuers and investors alike."
