25 September 2019

UPDATE – TUMENTU PROGRAM

Further to the ASX announcements on 26 June 2019 and 25 July 2019, Viking Mines Limited (ASX: VKA) (**Viking** or the **Company**) advises that the planned drilling program in Tumentu has been delayed. The delays have been caused by excessive rain in the region, which has caused flooding in some areas of the property and made access difficult. Drill pad construction will continue during this period.

Once weather permits, the Company anticipates that the drilling plan will commence forthwith and the Company will update the market at this time.
