Valereum Plc to Co-host Exclusive Side Event at TOKEN2049 Singapore with Fideum, Blubird, DigiShares, and ZIGChain

Valereum Plc (AQSE: VLRM) is excited to announce that it will co-host an invite-only side event on Tuesday 30 September 2025, prior to TOKEN2049 Singapore (1-2 October 2025), in partnership with Fideum, Blubird, DigiShares, and ZIGChain.

The event, **Tokenisation After Dark,** is positioned as an elite networking event during Asia's biggest Web3 conference. The event aims to bring together industry leaders, investors, and innovators to discuss the future of real-world asset (RWA) tokenisation, digital marketplaces, and blockchain adoption.

With a focus on bridging the gap between traditional finance and digital asset infrastructure, this prestigious event aims to spark conversations and forge connections. In a relaxed setting, it will showcase the combined expertise of the hosting partners in driving institutional adoption, building trusted marketplaces, and creating sustainable growth opportunities within the RWA ecosystem.

Registration link: https://luma.com/poth4rng?tk=RzBGvh

Valereum's participation alongside its strategic investee companies, Fideum, Blubird and Digishares together with their alliance partner, ZIGChain, reflects the active role the companies are taking in shaping the global dialogue on tokenisation as well as their commitment to building distribution channels, attracting market participants, and fostering cross-industry collaboration.

VLRM and its investee companies are developing an ecosystem of RWA markets and payments infrastructure, whilst ZIGChain, powered by an innovative wealth management module, enables co-investment in RWAs, while supporting institutional adoption and regulatory compliance.
