27 October 2025

**IntelliAM AI PLC**
**Admission to the Apex segment of the AQSE Growth Market**

IntelliAM AI (AQSE: INT) ("IntelliAM" or the "Company"), the specialist in AI-driven asset management, empowering industrial operations to cut costs and enhance productivity, is pleased to announce that it is eligible for its ordinary shares to commence trading on the Apex segment of the Aquis Stock Exchange ("AQSE") with effect from 3 November 2025.

The Apex segment caters for larger, more established businesses, and enforces stricter eligibility criteria to encourage greater liquidity and transparency.

IntelliAM, which first listed on AQSE in July 2024, satisfies the qualifying criteria for its ordinary shares to trade on the Apex segment, including:

- A minimum market capitalisation of £10 million.
- At least 2 active market makers.
- A minimum 2 years' trading history.
- High standards of Corporate Governance Code compliance and disclosures.

At the date of this announcement, shares representing 22.9% of the Company's issued share capital are in public hands. Notwithstanding the current free float, Aquis has approved a derogation to the Apex free float requirement of 25%, given the institutional investor support the Company has received since IPO, the significant strategic progress recently announced, including a co-development Partnership Agreement with a global engineering manufacturer (as announced 24 September 2025) and the major expansion of its commercial partnership with Hovis Limited (as announced 1 October 2025) and the immaterial variance of only 2.1% below the 25% threshold requirement.

***Tom Clayton, Founder and CEO of IntelliAM AI plc, said:***
"I am delighted to now be part of the Apex segment on the Aquis Growth Market. Our move to the Apex segment will provide further visibility to our existing and prospective investors, and we welcome the increased emphasis on transparency, liquidity, and corporate governance, which is entirely aligned with IntelliAM's strategy."

***David Stevens, CEO Aquis Exchange, said:***
"We are delighted to see IntelliAM's move up to the Apex segment of the Aquis Stock Exchange Growth Market. It's fantastic to see how the company has progressed so far, and I am proud that Aquis can offer a tailored experience for growth companies that allows for increased exposure to investors at appropriate stages."
