ASX Announcement (ASX: WWI)

Monday, 3rd February 2020

INVESTOR PRESENTATION AND MINING RIGHT APPLICATION UPDATE

West Wits Mining Limited ("WWI") is pleased to release the investor presentation which accompanies this announcement and is for the purpose of meetings with retail and institutional investors in South Africa during the Mining Indaba conference, Cape Town.

As foreshadowed in the Quarterly Activities Report[1] the Company is actively engaging the Department of Mineral Resources (DMR) to progress the Witwatersrand Basin Project's mining right application. WWI's executive met with the DMR in the past week, as a result the Company can report it is pleased with the progress of the application since the previous correspondence with the DMR. WWI is confident the application is on track for approval and the DMR expressed their commitment to resolve the process timeously.

The Company will provide a further update on the application process in due course.

Authorised for release by Michael Quinert (Executive Chairman),

Michael Quinert

Executive Chairman
West Wits Mining Limited
