Please see attached Form 604 – Notice of Change of Interests of Substantial Holder

Walker Group Pty Limited has reported the sale of 11.6M shares (net) in Atomo Diagnostics Limited (AT1) during the three weeks since the company listed.

Walker is extremely pleased with the investment it made in AT1, and is a proud supporter of the Founder/Managing Director John Kelly, his management team and importantly, the world-first AT1 technology.

Walker first invested in AT1 in 2012 and by mid-2015 had contributed over 50% of capital raised and had a shareholding of 27%.

As the company developed, it caught the attention of other sophisticated investors such as the Bill Gates backed Global Health Investment Fund and Mr. Alan Moss who began to contribute capital through to the point where the company successfully 'left home' and listed on the ASX.

Walker had a total of 58.3M shares in AT1, of which the 11.6M were free to transact and 46.7M shares are escrowed including 9M that Walker has voluntarily restricted.

The sole reason for selling is specifically to allow Walker to direct funds into emerging investment opportunities currently under review. This is the investor and support role that Walker believes it can best fill.
