Dear Shane,

TRADING HALT REQUEST

In accordance with Listing Rule 17.1, the Directors of Trek Metals Limited (**Company**) hereby request a trading halt of the Company's securities ("TKM") pending the release of an announcement by the Company regarding exploration results at the Tambourah Lithium Project. In support of this request the Company advises: -

1. The reason for the trading halt is that the Company has received results from the recent program of rock chip sampling undertaken at the Tambourah Lithium project and believes this trading halt will allow sufficient time to analyze the results and prepare a suitable announcement to the market on or before the commencement of trading on Tuesday 8th November 2022.

2. It is expected that this announcement will end the trading halt.

3. The Company is not aware of any reason why the trading halt should not be granted nor is there any other information to inform the market about the trading halt.

Approved for Release by the Board.
