Directors' Report

The Directors of West Wits Mining Limited present their report on the consolidated entity comprising West Wits Mining Limited and the entities it controlled as at and for the half year ended 31 December 2014.

Directors
The following persons were Directors of West Wits Mining Limited during the half year and up to the date of this report:-

Mr. Michael Quinert	Chairman
Mr. Vincent Savage	Executive Director
Mr. Daniel Pretorius	Non-Executive Director
Mr. Hulme Scholes	Non-Executive Director

Results
The consolidated entity reported a loss before non-controlling interest for the half year of $872,000 (31 December 2013 loss of $781,000).

Significant Changes in State of Affairs
In the opinion of the Directors, there were no significant changes in the state of affairs of the consolidated entity during the half year under review not otherwise disclosed in this half year Report.

Event Subsequent to the End of the Reporting Period
No matters or circumstances have arisen since the end of the half year which significantly affected or may significantly affect the operations of the consolidated entity, the results of those operations or the state of affairs of the consolidated entity in future financial years that have not been mentioned elsewhere in this report.

Review of Operations

Indonesia

Alluvial Gold Project, Papua Province (WWI:50%)
West Wits Mining Limited ("West Wits" or "the Company") was unable to commence its alluvial mining operation at its Derewo River Gold Project ("Derewo"), Papua Province, Indonesia during the period. On 26 November 2014 the Company entered into an agreement with PT Intan Angasa Aviation ("PTIA") to become the Company's new local partner at Derewo. The new local partner was engaged in order to unlock continuing frustrations at the lack of progress at Derewo.

Under this agreement PTIA is required to facilitate unimpeded access, mining and security to the Company's operations at Derewo. All costs incurred through the implementation process are deferred until 30 days after commencement of mining and are then payable by the Company's local operating subsidiary (PTMQ).

On delivering the unimpeded ability for the Company, to enter, exit and safely control the entire alluvial mining area PTIA will receive a milestone payment. PTIA will be entitled to 50% economic interest in the alluvial project and a 20% shareholding in PTMQ on completion of the milestone. This does not dilute the Company's interest in the Derewo project.

PTIA supplied logistical services and support through the construction of infrastructure at Derewo throughout 2012 and 2013. It holds key relationships within Indonesia that provide an ability for it to liaise with all stakeholders involved in the alluvial project as well as necessary security which will be required to manage the site.

Since the agreement was completed PTIA has been in dialogue with local stakeholders including law enforcement agencies and the armed forces. Both the armed forces and law enforcements agencies are expected to follow government directives to remove illegal mining from the Derewo Valley and as such the process of delivering the site unimpeded is in train however the process has been slow.

Exploration Project, Papua Province (WWI:80%)
Exploration plans continue to be held in abeyance pending commissioning of the alluvial circuit.

South Africa

Soweto Cluster underground rights, West Rand (WWI: 76%)
The Company has for several months been awaiting a decision by the relevant authority, the Department of Mineral Resources ("DMR"), to suspend the determination not to extend the Prospecting Right over the Soweto Cluster so that the application to extend the right could be reviewed in accordance with the legal requests made to that effect. The ongoing failure of the DMR to process a decision on the application before it gives rise to a right on the part of the WWI to take the matter to a judge for determination. Due to this process taking an unacceptable amount of time the Company's subsidiary issued proceedings in Court seeking orders to stay the original decision not to extend the right and force a proper review of the matter. It is the Company's expectation that a satisfactory outcome will be achieved in the short term.

Auditors' Independence Declaration
A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

This report is made in accordance with a resolution of directors.

For And On Behalf Of the Board

Michael Quinert
Chairman
West Wits Mining

Notes to the Financial Statements

Note 1: Significant accounting policies

Statement of compliance
The half-year financial report is a general purpose financial report that have been prepared in accordance with the Corporations Act 2001 and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

Basis of preparation
This half year report does not include full disclosures of the type normally included in an Annual Report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the Annual Report.

Accordingly, this financial report should be read in conjunction with the 2014 Annual Report for the year ended 30 June 2014 and any public announcements made by the consolidated entity during the interim reporting period.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the consolidated entity's 2014 annual financial report for the financial year ended 30 June 2014. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current period.

Going Concern
The financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and the settlement of liabilities in the normal course of business.

As at 31 December 2014 the consolidated entity has incurred an operating loss of $872,000 (31 December 2013: loss of $781,000). As at the half year ended 31 December 2014 the consolidated entity's net assets were $16,297,000 (30 June 2014: $16,288,000). The consolidated entity's working capital was $492,000 (30 June 2014: $834,000). The consolidated entity's cash position has increased to $1,459,000 at 31 December 2014 from $599,000 at 30 June 2014.

The economic entity intends to continue to conduct significant future exploration activities and intends to commence extraction activities of gold deposits identified in certain areas of interest at its tenements in Papua. Based on these future activities, the following matters have been considered by the directors in assessing the economic entity's continuing viability, its ability to continue as a going concern and its ability to pay its debts as and when they fall due,

- The continued support and payment of creditors on agreed terms,
- Cash generation from Indonesian alluvial mining operations. This is dependent on the timing of the Indonesia Government's assistance to remove the illegal miners from the Company's tenements in Papua,
- The ability of economic entity to scale down its operations or redirect exploration expenditure if required, including the ability to defer amounts payable to directors as far as necessary should sufficient working capital not be available,
- The Company entering into a joint venture arrangement over some of the tenements should a suitable joint venture partner to found, and
- The Company's ability to issue further shares to provide additional working capital for the purpose of further exploration and/or development of mining tenements.

Note 1: Significant accounting policies (Continued)

Based on the successful execution of the above the Directors are satisfied that the economic entity has access to sufficient working capital to enable it to pay its debts as and when they fall due for a period of at least twelve months from the date of this report, and for that reason the financial statements have been prepared on the basis that the economic entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and the settlement of liabilities in the normal course of business.

Should the economic entity be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the economic entity not continue as a going concern.

Note 2: Dividends

No dividends have been declared for the period ended 31 December 2014 (31 December 2013: none).

Note 3: Segment Information

The entity operates in 1 industry segment, mining & exploration, and its activities can be divided into 3 reportable segments based on reports received and reviewed by its Chairman.

The 3 reportable segments are based on 3 distinct geographical locations, South Africa, Indonesia and Australia. Mining & exploration activities are carried out only in the South African and Indonesian segments; whereas the Australian segment reflects only the administrative arm of the business that supports the mining & exploration activities in the other 2 geographical locations.

Note 9: Events Subsequent to Reporting Date

There have not been any matters or circumstances that have arisen since the end of the reporting period, not otherwise disclosed in this report, which have significantly affected or may significantly affect the operations of the economic entity, the results of those operations or the state of affairs of the economic entity in future financial years.

Directors' Declaration

The Directors of the company declare that:

1. The financial statements and notes, as set out on pages 6 to 14:

    a. Complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001; and

    b. Giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half year ended on that date.

2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Michael Quinert
Chairman

Dated this 13th day of March 2015

Independent Auditor's Review Report to the Members

William Buck

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF WEST WITS MINING LIMITED AND CONTROLLED ENTITIES

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of West Wits Mining Limited (the company) and the entities it controlled at the half-year's end or from time to time during the half year (the consolidated entity) on pages 6 to 19, which comprises the consolidated statement of financial position as at 31 December 2014, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and
- complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

As the auditor of West Wits Mining Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF WEST WITS MINING LIMITED AND CONTROLLED ENTITIES (CONT)

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of West Wits Mining Limited on pages is not in accordance with the Corporations Act 2001 including:

a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half year ended on that date; and
b) complying with Australian Accounting Standard 134 Interim Financial Reporting and the Corporations Regulations 2001.

Emphasis of Matter

Without modifying our conclusion, we draw attention to Note 1 in the half year financial report which indicates that the consolidated entity incurred a net loss from ordinary activities after income tax expense attributable to the parent entity of $872,000 and net cash flows used from operating activities of $700,000 during the half year ended 31 December 2014. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business.

Matters Relating to the Electronic Presentation of the Reviewed Half Year Financial Report

This auditor's review report relates to the half year financial report of West Wits Mining Limited for the half year ended 31 December 2014 included on West Wits Mining Limited's web site. The company's directors are responsible for the integrity of the West Wits Mining Limited's web site. We have not been engaged to report on the integrity of the West Wits Mining Limited's web site. The auditor's review report refers only to the half year financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications they are advised to refer to the hard copy of the reviewed half year financial report to confirm the information included in the reviewed financial report presented on this web site.
