Cobra Resources plc
("Cobra" or the "Company")

Capital Markets Presentation

Cobra, the gold explorer focused on the Wudinna Gold Project in South Australia, will be hosting a capital markets presentation via webcast for analysts and investors on Thursday, 3 June 2021 at 10.00 a.m. BST.

The presentation will be given by Greg Hancock (Chairman), Craig Moulton (Managing Director) and Peter Walker (Geochemical Consultant). The presentation will include a strategic overview of Cobra and a technical overview of the 2020/2021 Wudinna Gold Project exploration programmes.

The presentation will be accessible via the following link:
https://secure.emincote.com/client/cobra/cobra001

There will be an opportunity to submit questions through the platform during the event, however, if you would like to submit any questions on these topics in advance of the presentation, please email cobra@vigoconsulting.com. A copy of the presentation will be uploaded to the Company's website on or around 7.00 a.m. BST on 3 June 2021 and a recording of the webcast will be made available on the Company's website after the event.

About Cobra

Cobra's Wudinna Gold Project is located in the Gawler Craton which is home to some of the largest IOCG discoveries in Australia including Olympic Dam, as well as Prominent Hill and Carrapateena. Cobra's Wudinna tenements contain extensive orogenic gold mineralisation and are characterised by potentially open-pitable, high-grade gold intersections, with ready access to nearby infrastructure. In total Cobra has over 22 orogenic gold prospects, with grades of between 16 g/t up to 37.4 g/t outside of the current 211,000 oz JORC resource, as well as one copper-gold prospect, and four IOCG targets.

Wudinna Project Description

The Eyre Peninsula Gold Joint Venture comprises a 1,928 km^2 land holding in the Gawler Craton. The Wudinna Gold Project within the Joint Venture tenement holding comprises a cluster of gold prospects which includes the Barns, White Tank and Baggy Green deposits.
