Altona Rare Earths PLC
31 July 2023

31 July 2023

ALTONA RARE EARTHS PLC
("Altona" or "the Company")

Total Voting Rights

In accordance with the FCA's Disclosure Guidance and Transparency Rules, as at 31 July 2023, the Company's issued share capital consists of 83,436,799 Ordinary Shares of 1 pence, each with one voting right. The Company does not hold any Ordinary Shares in treasury. Therefore, the total number of voting rights in the Company is 83,436,799.

The above figure of 83,436,799 should be used by shareholders in the Company as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the share capital of the Company under the Financial Conduct Authority's Disclosure Guidance and Transparency Rules.

About Altona Rare Earths Plc
Altona is a resource exploration and development company focused on Rare Earths in Africa. The Company is listed on the Main Market of the London Stock Exchange.

Rare Earths are a group of 17 chemical elements, many of which are critical to the World's on-going transition from carbon-based to renewable energies, and to the defence and communication sectors.

The Company currently focuses on the development of Monte Muambe, its flagship Magnet Rare Earths Project, located in Northwest Mozambique. The project was acquired in June 2021, and the Company has so far drilled over 7,000m, to support its maiden JORC Mineral Resource Statement which will be published in the Third Quarter of 2023.

Altona continues to take advantage of its position in Africa to assess other possible Rare Earths opportunities on the Continent.
