RESIGNATION OF NON-EXECUTIVE DIRECTOR

Raiden Resources Limited (ASX: RDN DAX: YM4) ("Raiden" or "the Company") advises that Non-Executive Director, Mr. Dale Ginn, has resigned from the Board, effective immediately.

The Board expresses its gratitude to Mr. Ginn for his valuable contributions to Raiden over the past four years and extends its best wishes for his future endeavours.

Mr Michael Davy, Non Executive Chairman of Raiden commented:
"*On behalf of the Board and the Raiden team, I would like to sincerely thank Dale for his valuable contributions during his time with us. His insights and experience have been greatly appreciated, and we wish him all the best in his future endeavours.*

Dale's departure allows Raiden to streamline its Board structure while maintaining the flexibility to consider additional appointments that align with the Company's strategic objectives. We remain committed to delivering value for shareholders and continuously evaluating opportunities to further strengthen both the Company and the Board."

This ASX announcement has been authorised for release by the Board of Raiden Resources Limited.

Forward-looking statements are statements that are not historical facts. Words such as "expect(s)", "feel(s)", "believe(s)", "will", "may", "anticipate(s)", "potential(s)"and similar expressions are intended to identify forward-looking statements. These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All of such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the Company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related to the Company's prospects, properties and business strategy. Investors are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof, and the Company does not undertake any obligation to revise and disseminate forward-looking statements to reflect events or circumstances after the date hereof, or to reflect the occurrence of or non-occurrence of any events.

About Raiden Resources

Raiden Resources Limited (ASX:RDN / DAX:YM4) is a dual exploration company focused on identifying and discovering significant and economically attractive mineral deposits. Driven by a passion for unlocking discoveries that have the potential to create shareholder value, Raiden is committed to achieving exploration success.

The Company's portfolio of projects includes the Andover North-South, Mt Sholl and Arrow lithium projects. The Company also holds the rights to the advanced Mt Sholl nickel-copper-cobalt-PGE and the Arrow gold projects in the Pilbara region of Western Australia. In addition, the Company holds the rights to multiple projects in the emerging and prolific Western Tethyan metallogenic belt in Eastern Europe, where it has established a significant exploration footprint in Serbia and Bulgaria.
