Cobra Resources plc

("Cobra" or the "Company")

New Corporate Website
&
UK Private Shareholder Reception

Cobra, a gold, IOCG, and rare earth exploration company focused on the Wudinna Project in South Australia, announces the launch of its new website at: www.cobraplc.com.

The new website reflects Cobra's strategy to develop a sustainable and complementary dual commodity resource of gold and rare earths, whilst advancing high-value, greenfield IOCG exploration targets in South Australia's world-class mineral jurisdiction, the Gawler Craton.

The content on the website does not include any materially new information.

UK Private Shareholder Reception

Rupert Verco, Chief Executive Officer of Cobra, will be visiting the UK from Australia next week and invites private shareholders to attend a reception in central London on Wednesday, 25 May 2022 at 12.00 p.m. BST during which he will give a presentation on the project followed by a light lunch and an opportunity for Q&A discussion. Attendance is strictly by RSVP. Please email cobra@vigoconsulting.com to register for the event and in order to be provided with details of the location.

The person who arranged for the release of this announcement was Rupert Verco, CEO of the Company.

About Cobra

Cobra's Wudinna Project is located in the Gawler Craton which is home to some of the largest IOCG discoveries in Australia including Olympic Dam, as well as Prominent Hill and Carrapateena. Cobra's Wudinna tenements contain extensive orogenic gold mineralisation and are characterised by potentially open-pitable, high-grade gold intersections, with ready access to nearby infrastructure. Recent drilling has discovered Rare Earth Mineralisation proximal to and above gold mineralisation. The grades, style of mineralogy and intercept widths are highly desirable. In addition, Cobra has over 22 orogenic gold prospects, with grades of between 16 g/t up to 37.4 g/t gold outside of the current 211,000 oz JORC Mineral Resource Estimate, as well as one copper-gold prospect, and five IOCG targets.

About Reach announcements
Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only / non-regulatory news releases such as marketing messages, corporate and product information into the public domain. An RNS Regulatory announcement is required to be notified under the AIM Rules for Companies.

This information is provided by Reach, the non-regulatory press release distribution service of RNS, part of the London Stock Exchange. Terms and conditions relating to the use and distribution of this information may apply. For further information, please contact rns@lseg.com or visit www.rns.com.

Reach is a non-regulatory news service. By using this service an issuer is confirming that the information contained within this announcement is of a non-regulatory nature. Reach announcements are identified with an orange label and the word “Reach” in the source column of the News Explorer pages of London Stock Exchange’s website so that they are distinguished from the RNS UK regulatory service. Other vendors subscribing for Reach press releases may use a different method to distinguish Reach announcements from UK regulatory news.

RNS may use your IP address to confirm compliance with the terms and conditions, to analyse how you engage with the information contained in this communication, and to share such analysis on an anonymised basis with others as part of our commercial services. For further information about how RNS and the London Stock Exchange use the personal data you provide us, please see our Privacy Policy.
