Kingston Resources to increase interest in Misima Gold Project

- **Kingston interest in Misima Gold Project to lift to approximately 75%**

Kingston Resources Limited (**Kingston** or the **Company**) is pleased to provide an update on the status of its interest in the Misima Gold Project. Following the August 2018 completion of its earn-in to 70% of the project, Kingston has funded 100% of the exploration activity at Misima. Under the terms of the JV agreement, this will see Kingston's interest in the project increase further.

Based on its current estimate of expenditure to 31 March 2019, Kingston estimates its interest in the Misima Gold Project will now lift to approximately 75%.

Kingston Managing Director, Andrew Corbett said: *"We are very happy to be continuing to increase our interest in the project as we advance exploration at Misima. We wish to thank our JV partner, Pan Pacific Copper, for its ongoing support of Kingston and interest in the project. We look forward to working with them as the project advances towards potential development."*
