About Atomos:

Atomos is a global video technology company delivering award-winning, simple to use monitor-recorder content creation products. These products give content creators across the rapidly growing social, pro-video and entertainment markets a faster, higher quality and more affordable production system.

Atomos' range of products take images directly from the sensor of all major camera manufacturers, then enhance, record and distribute them in high-quality formats for content creation using the major video editing software programs. Since being founded in 2010, Atomos has established strategic relationships with key technology providers within the ecosystem including Apple, Adobe, Sony, Canon, Panasonic, Nikon and JVC Kenwood.

Atomos is based in Australia with offices in the USA, Japan, China, UK, France and Germany and has a worldwide distribution partner network.

Forward looking statements:

This announcement contains forward looking statements. All statements that address events or developments that Atomos expects or anticipate will or may occur in the future and guidance on financial performance are forward looking statements. These forward-looking statements are based on the Board or management's beliefs and expectations based on information currently available to the Board and management. The Company believes that these forward-looking statements are reasonable as and when made. However, you should not place undue reliance on any such forward looking statements which are inherently uncertain. Atomos does not undertake any obligation to publicly update or revise any forward-looking statements whether as a result of new information, future events or otherwise except as required by law or the ASX Listing Rules. Forward looking statements are subject to certain risks and uncertainties, many of which are outside its control that could cause actual results, events and developments to differ materially from Atomos' historical experience, or its present expectations or projections.
