Change of Director's Interest Notice

Emyria Limited (ASX: EMD) ("Emyria" or "the Company"), a company that accelerates treatment development for patients with unmet needs, is pleased to advise that Chairman, Stewart Washer, has made various on-market purchases of shares in the Company.

A Change of Director's Interest Notice is annexed to this announcement.

Emyria's Chairman, Dr Stewart Washer, said: "It is an exciting and transformational period for Emyria. Medicine is evolving rapidly with digital health but there's a constant need for new, safe and effective treatments. Emyria is ahead of the pack in treating patients who have been sick for a long time and are not getting better with current care. We do this by using innovative treatments, like cannabinoids, and by using digital health technologies. Emyria can monitor patients, collect evidence and contribute to improving these new treatments. I'm highly optimistic about the path ahead for Emyria, and look forward to rolling out our products and technologies globally into 2021."

Emyria's Managing Director, Dr Michael Winlo, said: "Dr Washer is a respected executive, leader and investor and his most recent purchase of additional shares is a strong endorsement of our team, our work and our future potential. Emyria is fortunate to be backed by a great Board on our quest to bring innovative new treatments to patients sooner while also delivering value for our shareholders."

About Emyria (www.emyria.com)
Emyria Limited creates clinical evidence that accelerates the development of new treatments for patients with unmet needs. Emyria achieves this by analysing the high quality clinical data gathered from its specialist clinical network – Emerald Clinics (www.emeraldclinics.com.au) – and turning that into Real-World Evidence (RWE). Emyria's data supports the development and registration of new and promising treatments for patients with unmet medical needs by providing unique, real-world insights into the safety, quality and efficacy of those unapproved treatments, in real patients in the community. Emyria's data assets are also a source of unique IP for Emyria, which along with its remote patient monitoring technologies, data platforms and care models, further improve the quality of its RWE data assets and insights as well as the care provided to patients.

Cautionary Note on Forward-Looking Statements
Any statements in this press release about future expectations, plans and prospects for the Company, the company's strategy, future operations, and other statements containing the words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "potential," "will," "would," "could," "should," "continue," and similar expressions, constitute forward-looking statements. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: the Company's ability to successfully develop its product candidates and timely complete its planned clinical programs and the Company's ability

to obtain marketing approvals for its product candidates. In addition, the forward-looking statements included in this press release represents the Company's views as of the date hereof. The Company anticipates that subsequent events and developments will cause the Company's views to change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date hereof.
