IVR RAISES MORE THAN \$2 MILLION

Investigator Resources Limited (ASX: IVR) announces that it has now completed its 2 for 5 non renounceable Rights Issue, with the Company raising \$2.1 million to expand its drilling program.

The Rights Issue received strong support from existing shareholders while the shortfall placement by Lead Managers PAC Partners was well received by both new and existing investors.

The Company received applications from existing shareholders for a total of 40,352,386 fully-paid ordinary shares (New Shares) and received further applications for 11,925,000* from the placement of the shortfall to raise a total of \$2,091,095. Each new share issued comes with 1 attaching New Option exercisable at \$0.10 per share and expiring on 31 March 2017.

Managing Director Mr John Anderson stated “We greatly appreciate the continued support shown by our existing shareholders in such challenging market conditions for the sector and welcome new shareholders to Investigator Resources. We are looking forward to getting on with the job and to announcing exploration results as soon as possible.”

* Shares and options pursuant to the shortfall placement program will be issued following receipt of funds.
