

ASX Release

14 January 2021

Extension of Closing Date for Share Purchase Plan

- **The Closing Date of the Company's Share Purchase Plan is extended to 22 January 2021.**

The Company wishes to advise that the closing date for its Share Purchase Plan (SPP) has been extended to 5.00pm (AEDT) on Friday 22 January 2021.

Eligible shareholders wishing to participate in the SPP should apply by completing the Application Form mailed to shareholders and returning it to the address indicated in the Application Form, together with the appropriate payment for the number of Shares applied for under the SPP, or by making payment directly by BPay® in accordance with the details on the Application Form.

Applications and payment must now be received by 5.00pm (AEDT) on Friday 22 January 2021.

The revised dates in relation to the SPP Offer are set out below.

Date	Event
Friday 22 January 2021	Offer Closing Date at 5.00pm AEDT
Wednesday 27 January 2021	Announcement of the results of the SPP
Wednesday 3 February 2021	Issue date
Wednesday 3 February 2021	Date on which shares issued under the SPP are expected to commence trading on ASX
Friday 5 February 2021	Despatch of holding statements in respect of shares issued under the SPP

About Amaero International Limited:

Amaero International Limited is an Australian-based company that manufactures large format complex components in metal with laser-based additive manufacturing processes, commonly known as 3D printing.

The principal activity of Amaero is the provision of end to end additive manufacturing solutions in terms of services, equipment and technology to its key clients in the Aviation Defence and Space sectors and the Tool and Die industry.

Amaero has worked with many of the world's leading manufacturers of aerospace and defence products in both an R&D and manufacturing capability and has a demonstrated ability to deliver aviation and military specification 3D printed alloy critical operation components.

Amaero was established with the support of Monash University in 2013 to take advantage of commercial opportunities identified by the Monash Centre for Additive Manufacturing (MCAM). Amaero is co-located with MCAM in Melbourne Australia. It operates two additional facilities, in Adelaide, South Australia, and El Segundo, California, USA.
