Highlights - FY22

- Record revenue of $1,886,970 for FY2022 an increase of 210% compared to revenue of $607,531 in the corresponding FY2021 period.
- Growth driven by the successful development and launch of two TGA registered products – TheraJoint+ & TheraNight+.
- 8 Seeds Skincare product development completed ahead of proposed Q2 FY23 soft launch.
- Company-wide focus on efficient and optimised marketing spend to drive profitable customer acquisition implemented and taking effect in Q4, driving a significant increase in return on advertising spend.

Highlights – Subsequent to Period End

- Appointment of Mark Tucker, former L'Oréal Managing Director, as Chief Executive Officer (CEO) of the Company.
- The acceleration of the Company's inorganic growth pathway commenced with the acquisition of Edible Beauty, a highly complementary founder-led online retail platform of naturopathically formulated health, wellness, and skincare products. driven by strong inbound partnership & acquisition enquiries.
- Edible Beauty achieved FY22 revenue of $2.2m (unaudited), with ~74% comprising of highly repetitive, 'direct-to-consumer' (D2C) revenue primarily across Australia and New Zealand, with the remaining through wholesale and distribution channels.
- Edible Beauty will add to the existing capabilities of Live Verdure through D2C exposure, expansion of product categories, and new product development.
- Firm commitments received for A$2.1m via a proposed placement to new and existing institutional and sophisticated investors
- Strong acquisition pipeline coupled with brand and revenue growth expected to drive outcomes in FY23.
-

Live Verdure's Chairman, Gernot Abl said:

"It has been a transformational period for Live Verdure. Record revenue growth predominantly driven by the successful development and launch of two TGA registered products – TheraJoint+ & TheraNight+.

Mark's appointment as CEO, coupled with the brilliant opportunity to acquire an established skincare and wellness brand in Edible Beauty offers ample opportunity to grow both revenue and bottom line.

We will continue to work hard to forge a path to profitability, to deliver value for shareholders and innovate new and exciting products"

Note 1. General information

The financial statements cover Live Verdure Ltd as a consolidated entity consisting of Live Verdure Ltd and the entities it controlled at the end of, or during, the year. The financial statements are presented in Australian dollars, which is Live Verdure Ltd's functional and presentation currency.

Live Verdure Ltd is a listed public company limited by shares, incorporated and domiciled in Australia.

Note 2. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) New or amended Accounting Standards and Interpretations adopted

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(b) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

(d) Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Live Verdure Ltd ('company' or 'parent entity') as at 30 June 2022 and the results of all subsidiaries for the year then ended. Live Verdure Ltd and its subsidiaries together are referred to in these financial statements as the 'consolidated entity'.

Subsidiaries are all those entities over which the consolidated entity has control. The consolidated entity controls an entity when the consolidated entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the consolidated entity. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the consolidated entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the consolidated entity.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Note 2. Significant accounting policies (continued)

New Accounting Standards and Interpretations not yet mandatory or early adopted
Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2022. The consolidated entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

Note 3. Operating segments

Identification of reportable operating segments
The company is organised into one operating segment: sale of hemp and food nutraceutical. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

The information reported to the CODM is on a monthly basis.

Note 9. Equity - issued capital (continued)

Ordinary shares
Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

Share buy-back
There is no current on-market share buy-back.

Capital risk management
The consolidated entity's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

Capital is regarded as total equity, as recognised in the statement of financial position, plus net debt. Net debt is calculated as total borrowings less cash and cash equivalents.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The consolidated entity would look to raise capital when an opportunity to invest in a business or company was seen as value adding relative to the current company's share price at the time of the investment. The consolidated entity is not actively pursuing additional investments in the short term as it continues to integrate and grow its existing businesses in order to maximise synergies.

The capital risk management policy remains unchanged from the 2021 Annual Report.

Note 10. Interests in subsidiaries

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy described in note 2:
