ASX Release **31 January 2023**

December quarter agreement investor briefing recording

Amaero International Limited ("**Amaero**"), (the "**Company**") (**ASX:3DA**) is pleased to invite investors to view the recording of the Company's December quarter investor briefing, held at 11.00am AEDT on Monday, 30 January 2023.

In the briefing, Amaero Chairman and CEO Hank Holland discussed the Company's progress during the December quarter, including an update on the titanium powder production and additive manufacturing project in the United Arab Emirates, as well as the ongoing corporate re-structuring. The formal presentation was followed by a live Q and A session.

About Amaero International Limited:

Amaero International Limited is an Australian-based company focused on titanium and other alloy powder production utilised by the additive manufacturing industry. The Company provides applied engineering and commercialisation services in collaboration with aerospace, defence and other industries that utilise additive manufacturing.

Amaero was established with the support of Monash University in 2013 to take advantage of commercial opportunities identified by the Monash Centre for Additive Manufacturing (MCAM). Amaero is co-located with MCAM in Melbourne Australia. It operates two additional facilities, in Adelaide, South Australia, and Los Angeles, California, USA.
