Items of Ordinary Business

1. Financial Statements and Reports

Shareholders can now elect to receive the Company's Annual Report via a variety of means. Shareholders who opted to access the Annual Report electronically should have received the email link to the electronic document. Shareholders who opted to continue to receive a printed copy of the Annual Report should now have received it. The Auditor has been invited to be present at the Meeting and Shareholders will have a reasonable opportunity to ask the Auditor questions relevant to the conduct of the audit and the preparation and content of the Auditor's Report. Apart from the matters involving remuneration which are required to be voted upon under section 250R of the Corporations Act, it is not the purpose of the Meeting, nor a requirement of the Corporations Act or the Constitution, that the Financial Report be approved or rejected.

Under section 250PA(1) of the Corporations Act, a Shareholder must submit the question to the Company no later than the fifth business day before the day on which the AGM is held.

Shareholders are requested to submit any written questions relating to the content of the Auditors' Report or the conduct of its audit of the Company's Financial Report for the financial year ended 30 June 2025 to the Company by no later than 10

2. Resolution 1 - Approval of Remuneration Report

2.1 General

In accordance with section 250R of the Corporations Act, the Board presents the Remuneration Report, as disclosed in the Company's Annual Report, to Shareholders for consideration and adoption as a non-binding Resolution.

Among other things, the Remuneration Report contains:

» information about the Board's policy for determining the nature and amount of remuneration of the Directors and other Key Management Personnel; and

» remuneration details for Key Management Personnel.

The Remuneration Report can be found on the Company's website (www.mrgmetals.com.au) or can be obtained by contacting the Company's share registry, Automic Group.

2.2 Voting consequences

In accordance with the Corporations Act, the vote on this Resolution is advisory only and does not bind the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

If 25% or more of the votes that are cast are voted against the adoption of the Remuneration Report at two (2) consecutive AGM's, Shareholders will be required to vote at the second of those AGM's on a resolution (a "**spill resolution**") that another meeting be held at which all of the Company's Directors other than the Managing Director stand for election.

If more than 50% of Shareholders vote in favour of the spill resolution the Company must convene an extraordinary general meeting within 90 days of the second AGM.

At the 2024 AGM, the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the spill resolution is not relevant for this AGM.

2.3 Voting exclusion

A voting exclusion applies to this item of business, as set out in the Notice of Meeting.

2.4 Board recommendation

The Board considers that the remuneration policies set out in the Remuneration Report are appropriate and reasonable. On this basis, the Board recommends that Shareholders eligible to vote do so **in favour** of Resolution 1.

The Chairman will vote all undirected proxies in favour of this Resolution, subject to compliance with the Corporations Act. Any Shareholder who is unable to attend the

Meeting and wishes to vote “against” or “abstain” should mark the relevant box in the attached proxy form.

3. Resolution 2 - Re-election of Mr Christopher Gregory as a Director of the Company

3.1 General

The Constitution of the Company requires that at every annual general meeting, one-third of the previously elected directors must retire and are eligible for re-election.

Mr Gregory has been a Director since August 2013. He retires by rotation and, being eligible, offers himself for re-election.

3.2 Qualifications and other material directorships

Mr Gregory has extensive global minerals industry experience over 40 years, at both technical and executive levels. Career foundation of 22 years in the Asia-Pacific region with Rio Tinto.

3.3 Independence

If re-elected, the Board considers that Mr Gregory will be an independent non-Executive Director.

3.4 Technical information required by ASX Listing Rule 14.1A

If Resolution 2 is passed, Mr Gregory will be re-elected to the Board as an independent non-Executive Director.

In the event that Resolution 2 is not passed, Mr Gregory will not join the Board as an independent non-Executive Director. In that event, the Company may seek nominations or otherwise identify suitable qualified candidates to join the Company. Until a suitable qualified candidate can be identified, the Company may have less than the minimum of 3 directors as required by section 201A of the Corporations Act.

3.5 Board recommendation

The Board (with Mr Gregory abstaining) recommends that Shareholders vote **in favour** of this Resolution.

The Chairman will vote all undirected proxies **in favour** of this Resolution.

4. Resolution 3 - Approval of proposed issue MRQOD Options to Peak Asset Management (or its nominees)

4.1 Background

On 27 August 2025, the Company announced successful completion of a pro-rata non-renounceable entitlement offer, placing 500,646,241 MRQOD Options to Shareholders (**Entitlement Offer**), including that the Company had discretion to

place the shortfall, comprising of 317,309,000 MRQOD Options within 3 months of the completion of the Entitlement Offer (**Shortfall**).

In or around September 2025, the Company engaged Peak Asset Management to provide certain capital raising services to the Company in connection with placement of the Shortfall (**Peak Mandate**), whereby Peak Asset Management is entitled to be issued 9,149,800 MRQOD Options (**Peak Options**) upon placement of some of the Shortfall by Peak Asset Management,, subject to the Company obtaining all necessary Shareholder approvals, as required by ASX Listing Rules. Peak Asset Management is not otherwise entitled to receive any cash or other consideration in connection with the placement of the Shortfall under Peak Mandate.

Resolution 3 seeks Shareholder approval for the issue of the Peak Options to Peak Asset Management (or its nominee) pursuant to ASX Listing Rule 7.1.

4.2 ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions under ASX Listing Rule 7.2, issue or agree to issue equity securities during any 12 month period in excess of 15% of the number of fully paid ordinary securities on issue at the commencement of that 12-month period (**15% Placement Capacity**) without Shareholder approval.

While the issue of the Peak Options will not exceed the 15% Placement Capacity available to the Company, the Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval under ASX Listing Rule 7.1. To do this, the Company is asking Shareholders to approve the issue of the Peak Options under ASX Listing Rule 7.1 so that it does not use up any of the 15% Placement Capacity on issuing Equity Securities without Shareholder approval set out in ASX Listing Rule 7.1.

If at the Meeting, Shareholders approve the issue of the Peak Options pursuant to Resolution 3, then Company will be able to proceed with the Peak Options. In addition, the Peak Options will be excluded in calculating the Company's 15% Placement Capacity under ASX Listing Rule 7.1, effectively increasing the number of Equity Securities the Company can issue without Shareholder approval over 12 month period following the issue date of the Peak Options.

If Resolution 3 is not passed, the Company can still proceed with the issuance of the Peak Options which are the subject of Resolution 3, but those options will be included in calculating the Company's 15% Placement Capacity in ASX Listing Rule 7.1, effectively decreasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue date.

4.3 Technical Information Required by ASX Listing Rule 7.3

For the purposes of ASX Listing Rule 7.3, which contains the requirements as to the contents of a notice sent to Shareholders for the purposes of ASX Listing Rule 7.1, the following information is provided to Shareholders in relation to Resolution 3:

Name of the person/s to whom to Company will issue the securities	Peak Asset Management (or its nominee). Neither Peak Asset Management nor its nominee is a related party of the Company, a member of the Company's KMP, a substantial holder of the company, advisors of the Company or an Associate of any of these parties.
Number and class of securities issued	9,149,800 MRQOD Options.
Terms	The Peak Options will be issued on the terms and conditions set out in Annexure A
Date or dates on or by which the entity will issue the securities	If Shareholder approval is obtained under Resolution 3, the Company will issue the Peak Options no later than three months after the date of the Meeting (or such later than as permitted by any ASX waiver or modification of the ASX Listing Rules).
Price	The Peak Options will be issued in lieu of consideration for certain capital raising activities provided by Peak Asset Management to the Company under the Peak Mandate. As such, the Peak Options will be issued for nil cash consideration. However, the Peak Options will be exercisable at $0.004 each, being the same exercise price of those MRQOD Options offered to Shareholders under the Entitlement Offer.
Purpose of issue and use of funds raised	No funds will be raised from the issue of the Peak Options as they are intended to be issued in lieu of consideration for certain capital raising services provided by Peak Asset Management to the Company pursuant to the Peak Mandate. If all Peak Options are exercised prior to their expiry date, the Company will raise a further $36,599.20, which the Company will put towards its exploration and general working capital costs.
Securities issued under an agreement	The Peak Options will be issued pursuant to the Peak Mandate. The key terms of the Peak Mandate are set out in section 4.1 above.
Voting exclusion statements	Voting exclusion statements are contained in the Notice.

Recommendation: The Board recommends that Shareholders vote **in favour** of Resolution 3.

The Chairman of the Meeting intends to vote undirected proxies in favour of Resolution 3.

Items of Special Business:

5. Resolution 4 - Approval of additional placement capacity

5.1 ASX Listing Rule 7.1A

Under ASX Listing Rule 7.1A, an "eligible entity" may, subject to shareholder approval by way of special resolution, issue Equity Securities comprising up to 10% of its issued share capital over a 12-month period commencing after the annual general meeting (**10% Placement Capacity**). The 10% Placement Capacity is in addition to the normal 15% Placement Capacity under ASX Listing Rule 7.1.

An "eligible entity" for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of $300 million or less.

The Company confirms that it is an "eligible entity" for the purposes of ASX Listing Rule 7.1A and is seeking Shareholder approval, by way of special resolution, for the Company to have an additional 10% Placement Capacity provided in ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Resolution 4 seeks Shareholder approval for the Company to have the additional 10% Placement Capacity provided for in the ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Resolution 4 is a special resolution and requires approval of 75% of the votes cast by Shareholders present and eligible to vote. Therefore, if Resolution 4 is approved, the Directors will be allowed to issue Equity Securities of up to 25% (up to 10% pursuant to ASX Listing Rule 7.1A and up to 15% pursuant to ASX Listing Rule 7.1) of the Company's issued share capital without any further Shareholder approval.

In this regard, if Resolution 4 is approved, any Equity Securities issued under the 10% Placement Capacity as provided for in ASX Listing Rule 7.1A must be in the same class as an existing class of quoted Equity Securities, and the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as summarised below).

As at the date of this Notice, the Company currently has three (3) classes of quoted Equity Securities on issue, being the Shares (ASX Code: MRQ) and quoted Options (ASX Codes: MRQO and MRQOD) .

If Resolution 4 is not approved, the Company will not be able to access the 10% Placement Capacity, as provided for in ASX Listing Rule 7.1A, to issue Equity Securities without Shareholder approval, but will still be allowed to issue Equity Securities of up to 15% of the Company's issued capital pursuant to ASX Listing Rule 7.1.

Formula for calculating 10% Placement Capacity

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) – E

A is the number of ordinary shares on issue 12 months before the date of issue or agreement (**relevant period**) to issue:

a) plus, the number of fully paid ordinary shares issued in the relevant period under an exception in ASX Listing Rule 7.2 (other than exceptions 9, 16 or 17);

b) plus the number of fully paid ordinary shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:

(A) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or

(B) the issue of, or agreement to issue, the convertible securities was approved, or taken under ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;

c) plus the number of fully paid ordinary shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:

(A) the agreement was entered into between the commencement of the relevant period; or

(B) the agreement or issue was approved, or taken under ASX Listing rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;

d) plus the number of any other fully paid ordinary securities issued in the relevant period with approval under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;

e) plus the number of partly paid ordinary shares that became fully paid in the relevant period;

d) less the number of fully paid ordinary shares cancelled in the relevant period.

D is 10%; and

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the relevant period where the issue or agreement to issue has not been subsequently approved by the Shareholders under ASX Listing Rule 7.4.

5.2 Technical information required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 4:

(a) Minimum issue price

In accordance with ASX Listing Rule 7.1A, Equity Securities issued by the Company under the 10% Placement Capacity can only be issued at a price that is not less than 75% of the VWAP (volume weighted average price) for the Equity Securities calculated over the 15 Trading Days on which trades in that class of Equity Securities were recorded immediately before:

- the date on which the issue price of the Equity Securities is agreed by the Company and the recipient of the Equity Securities; or
- the date on which the Equity Securities are issued (if the Equity Securities are not issued within 10 Trading Days of the date on which the issue price is agreed).

(b) Placement period

Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- the date that is 12 months after the date of this Meeting;
- the time and date of the Company's next annual general meeting; or
- the time and date of approval by Shareholders of a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking),

after which date an approval under ASX Listing Rule 7.1 A ceases to be valid.

The 10% Placement Capacity under Listing Rule 7.1A will not lapse if the Company's market capitalisation subsequently exceeds $300 million or if it is included in the S&P/ASX 300 Index at some time during that period provided that the Company meets those criteria on the date of the Meeting.

(c) Risk of economic and voting dilution to existing shareholdings

If Resolution 4 is approved by Shareholders and the Company issues quoted Equity Securities under the 10% Placement Capacity, there is a risk of economic and voting dilution to existing Shareholders as a result, including the risk that:

- the market price of the Company's Equity Securities may be significantly lower on the issue date than on the date of the Meeting; and

- the Equity Securities may be issued at a price that is at a discount to the market price on the issue date,

and in either case, there is a further risk that the 10% Placement Capacity may raise less funding than it would be based on current market prices for the Equity Securities.

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Equity Securities under the issue.

As required by ASX Listing Rule 7.3A.4, the table below shows:

- two examples where variable "A" in the formula in ASX Listing Rule 7.1A.2 (representing the Company's share capital) has increased by either 50% or 100%; and

- two examples of whether the share price of ordinary securities has decreased by 50% or increased by 100% from the current share price,

and is prepared on the basis that:

- Variable “A” is based on the number of ordinary securities the Company had on issue as at 30 September 2025. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval under ASX Listing Rule 7.1 (for example, a pro rata entitlements issue or scrip issued under a takeover offer, issue of Shares on vesting of the performance rights) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders’ meeting; and

- The current issue price of the Shares is the closing price of the Shares as at 30 September 2025.

The dilution table has been prepared on the following hypothetical assumptions. The Company does not represent that they will necessarily occur:

- There are 2,726,518,626 Shares on issue as at the date of this Notice;
- The current issue price set out above is the closing price of the Shares on the ASX on 30 September 2025. This price may fluctuate between the time of preparing this Notice and the date of the Meeting and the date that any Shares are issued by the Company pursuant to ASX Listing Rule 7.1A;

- the Company issues the maximum number of Shares available under the 10% Placement Capacity;

- any increase in Variable A (being the issued share capital at the time of issue) is due to an issue of Shares which is an exception in ASX Listing Rule 7.2, for example a pro-rata rights issue. However, a 15% Placement Capacity under ASX Listing Rule 7.1 does not increase variable "A" for the purposes of calculating the 10% Placement Capacity under ASX Listing Rule 7.1A;
- The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with Shareholder approval under ASX Listing Rule 7.1;

- The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options, performance rights and other convertible securities are exercised or converted before the date of issue of the Equity Securities;

- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%;

- the table shows only the effect of issues of Shares under ASX Listing Rule 7.1A, not under the 15% Placement Capacity under ASX Listing Rule 7.1; and

- the table does not show the dilution that may be caused to any particular Shareholder by reason of placements under ASX Listing Rule 7.1A, based on that Shareholder's holding at the date of the Meeting. For instance, Shareholders will have different outcomes depending on whether or not they participate in a pro-rata issue which has the effect of increasing variable "A".

(d) Purpose of the 10% Placement Capacity

Any Equity Securities issued under ASX Listing Rule 7.1A.2 must be issued for cash consideration. Accordingly, every issue of Equity Securities under ASX Listing Rule 7.1A.2 will have an accompanying proposed use of funds at the time of issue.

Based on the Company's existing plans, the Company intends that any funds raised by the Company from the issue of Equity Securities under the 10% Placement Capacity (if the Shareholders approve this Resolution) may be used for funding the Mozambique, Zimbabwe and Australian exploration and development programs, a new resource, asset or investment acquisition and/or for general working capital purposes.

(e) Allocation policy

The Company's allocation policy for the issue of Equity Securities under the 10% Placement Capacity will be dependent on the prevailing market conditions at the time of any proposed issue under the 10% Placement Capacity.

The identity of the allottees under the 10% Placement Capacity will be determined on a case by case basis having regard to the factors including the following:

- the purpose of the issue;

- the methods of raising funds that are available to the Company, including a rights issue or other issue in which existing Shareholders can participate;
- the effect of the issue of the Equity Securities on the control of the Company;
- the financial situation and solvency of the Company;
- the prevailing market conditions; and
- advice from corporate, financial and broking advisors (if applicable).

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice and may include existing Shareholders and/or new Shareholders, but the allottees cannot include any Directors, Related Parties of the Company, a substantial holder of the Company referred to in ASX Listing Rule 10.11) or any of their Associates without a further specific Shareholder approval.

(f) Voting exclusion

A voting inclusion statement is included in this Notice. In accordance with ASX Listing Rule 14.11.1 and the relevant Note under that rule concerning ASX Listing Rule 7.1A, as at the date of this Notice of Annual General Meeting, the Company has not approached or invited any particular existing Shareholder or an identifiable class of existing Shareholders to participate in the issue of Equity Securities under the 10% Placement Capacity. No existing Shareholder's vote will therefore be excluded from voting on Resolution 4 at the Meeting.

(g) Issue or agreement to issue under ASX Listing 7.1A in the 12 months prior to the Meeting

The Company has previously obtained Shareholder approval under ASX Listing Rule 7.1A at the 2024 AGM held on 21 November 2024 (**Previous 10% Placement Approval**).

As at the date of this Notice, during the 12 month period preceding the date of the Meeting **(i.e. 17 November 2024 to 16 November 2025)**, the Company issued no Equity Securities using its 10% Placement Capacity under ASX Listing Rule 7.1A.

The Company has not agreed during the 12 month period preceding the date of this Meeting any Equity Securities using its 10% Placement Capacity under ASX Listing Rule 7.1A that has not been issued as at the date of this Meeting.

5.3 Board recommendation

The Directors believe that Resolution 4 will provide the Company with flexibility to raise capital quickly if advantageous terms are available and is in the best interests of the Company.

The Directors recommend that Shareholders vote **in favour** of Resolution 4.

The Chairman of the Meeting intends to vote undirected proxies **in favour** of Resolution 4.

Other information

The Board is not aware of any other information which is relevant to the consideration by Shareholders of the proposed Resolutions which are detailed in the Notice. Prior to making any decision, Shareholders may wish to seek advice from their own independent accountant, solicitor or other financial adviser as to the effect of the proposed Resolution.

Directors' approvals and recommendations

To the extent permitted by law, it is the intention of the Chairman of the Meeting to vote all undirected proxies granted to him in favour of the Resolutions.
