Acquisition of 9 Early Education Services

23 October 2026

Nido Education Limited ACN 650 967 703 (ASX: NDO) (**Nido** or **Company**) is pleased to announce that a wholly owned subsidiary of the Company has entered into a Business Sale Agreement to acquire nine early education services operated by Edge Early Learning.

The transaction is Nido's first acquisition under its strategy to selectively acquire services, as outlined in its ASX announcement of 27 April 2026.

The transaction complements Nido's established greenfield incubation strategy, which remains a core component of the Company's growth model.

By combining greenfield development with selective acquisitions of established services, Nido is broadening its avenues for growth while maintaining its focus on quality, operational performance and long-term shareholder value.

The nine services provide an opportunity to build on established early learning communities, support continuity for children and families, and create an environment in which educators can deliver quality education.

Nido will continue to assess further opportunities that align with its operating model, meet its investment criteria and support the Company's long-term growth objectives, while maintaining a disciplined approach to investment, quality and execution.

Next steps

Completion of the transaction is subject to regulatory approvals and the assignment of the relevant leases. Nido will provide a further update on completion.
