

ASX: AR3 | MARKET ANNOUNCEMENT

ASX Release: 30 October 2026

Quarterly Investor Webinar

Australian Rare Earths (ASX: AR3) is pleased to invite shareholders and investors to a live webinar following the release of its September 2026 Quarterly Activities Report.

Managing Director and CEO **Travis Beinke** will provide an update on the Company's recent progress, including pilot processing advancements at the Koppamurra Rare Earths Project, ongoing permitting and development activities, and the expansion of the niobium-rare earth carbonatite discovery at the Overland Project.

Topics to be discussed include:

- Key highlights from the September 2026 Quarter and progress across the Company's key projects.
- Koppamurra pilot plant progress, including the first production of Mixed Rare Earth Hydroxide (MREOH) and the pathway to Mixed Rare Earth Oxide (MREO) samples.
- Progress on permitting, including the Mining Lease Application and preparations for the Definitive Feasibility Study (DFS)..
- Exploration progress at Overland, including the 10 km magnetic corridor, follow-up drilling and pending assay results.
- Upcoming catalysts, including completion of pilot processing, customer qualification activities and key project development milestones.

Date: Friday 30 October 2026

Time: 11:00AM AEST

To attend the event in person please **[register via this Link.](#)**

Shareholders and interested parties are encouraged to submit questions ahead of the event via the webinar registration function or by emailing hello@ar3.com.au

Approved for release by the Company Secretary.
