**Horse Hill Update
Production Facilities Upgrade**

Alba Mineral Resources plc (AIM: ALBA) notes the announcement today by UK Oil & Gas Plc ("UKOG"), as majority shareholder of Horse Hill Developments Limited (the Operator of the Horse Hill Oil Project in the Weald Basin in southern England), that it has completed a planned two-week production facility upgrade at the Horse Hill Oil Field.

UKOG further reports that:

- the works included modifications to prepare the site for automated 24-hour continuous production operations, together with the installation of the first tranche of permanent facility equipment required under the Health and Safety Executive's Control of Major Accident Hazards (COMAH) regulations; and
- following the shutdown period necessary to undertake the works, oil production has now been re-established.

Further material updates will be released as and when the Company is made aware of these.
