Notes to Editors

Reabold Resources plc has a diversified portfolio of exploration, appraisal and development oil & gas projects. Reabold's strategy is to invest in low-risk, near-term projects which it considers to have significant valuation uplift potential, with a clear monetisation plan, where receipt of such proceeds will be returned to shareholders and re-invested into further growth projects. This strategy is illustrated by the recent sale of the undeveloped Victory gas field to Shell, the proceeds of which are being returned to shareholders and re-invested.
