("Alba" or "the Company")

Issue of Ordinary Shares following Exercise of Conversion Rights

Alba Mineral Resources plc (AIM: ALBA), the diversified mineral exploration and development company, announces that it has received a notice of exercise from Bergen Global Opportunity Fund, LP (the "Investor") in respect of the convertible security previously issued (as announced on 3 March 2020) pursuant to the convertible securities issuance deed ("the Deed") the terms of which were announced on 24 February 2020.

Under the Deed, as a result of this notice of exercise 30,000,000 ordinary shares (the "Conversion Shares") fall to be issued at a conversion price of 0.1p, with an additional 45,000,000 ordinary shares being issued by way of a fee ("Fee Shares") in accordance with the terms of the Deed, due to the market price of the Company's shares being below their par value (being 0.1p).

As a result, a total of 75,000,000 ordinary shares, being the total of the Conversion Shares and the Fee Shares (the "Relevant Shares"), fall to be issued by the Company.

Application is being made for the Relevant Shares to be admitted to trading on AIM with admission expected to take place on or around 28 April 2020. The Relevant Shares will rank *pari passu* in all respects with all existing ordinary shares in the Company.

Following admission of the Relevant Shares, the Company's enlarged issued share capital will comprise 3,918,351,946 ordinary shares with voting rights. This figure may be used by shareholders in the Company as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the share capital of the Company under the Financial Conduct Authority's Disclosure and Transparency Rules.
