About The Artisanal Spirits Company

ASC's purpose is to captivate a global community of whisky adventurers, creating and selling outstanding, limited-edition whiskies and experiences around the world with an ambition to create a high quality, highly profitable and cash generative, premium global business.

Based in Edinburgh, ASC owns The Scotch Malt Whisky Society (SMWS), Single Cask Nation (SCN) and J.G. Thomson (JGT). Owning over 17,000 casks primarily comprising Single Malt Scotch Whisky, ASC's stock includes outstanding whisky (and other spirits) from 150 different distilleries across 20 countries which is sold to members both as individual bottles and whole casks.

With an established global presence in some 30 countries, SMWS operates a direct-to-consumer model (90% of revenue) primarily through e-commerce, in addition to four member rooms in the UK. SMWS provides members with inspiring experiences, content and exclusive access to a vast and unique range of outstanding, expertly curated Scotch malt and other whiskies.

In January 2024, ASC acquired SCN which sources, curates and bottles single-cask whiskies and other spirits selling both online and via traditional retail channels to its following of over 10,000

whisky enthusiasts in the USA. SCN also retails to key international whisky markets around the world.

Launched in the UK in late 2021, JGT has a focus on outstanding small batch blended malt whiskies and other spirits, available both through direct-to-consumer online sales and through traditional retail channels. The award-winning brand has subsequently expanded into international markets.

With proven e-commerce reach and a growing family of brands, ASC is building a portfolio of limited-edition and small-batch whisky and other spirits brands for a global movement of discerning consumers - delivering revenue of £23.5 million in FY23, predominantly from outside the UK, with an expanding presence in the other key global whisky markets including USA, China, Europe, Japan, Australia and Taiwan.

ASC has a pioneering business model, a substantial and growing addressable market presenting a long-term global opportunity and a strong and resilient business primed to deliver growth.
