CleanTech Lithium PLC ("CleanTech Lithium" or the "Company")
Participation at the Investor Meet Company Spotlight Event

CleanTech Lithium PLC ("CleanTech Lithium" or "CleanTech" or the "Company") (AIM: CTL, Frankfurt:T2N), an exploration and development company advancing sustainable lithium projects in Chile is pleased to announce that Executive Chairman, Steve Kesler, will be presenting at the online Investor Meet Company Spotlight Event on 26 February 2025, at 5:00pm GMT.

This exclusive online event provides a prime opportunity for both existing and potential investors to discover CleanTech's cutting-edge advancement in Direct Lithium Extraction, the Company's strategic vision, and the growing potential of the clean energy sector where lithium will play a critical role.

Investors can register to attend using the link below:

Notes

CleanTech Lithium (AIM:CTL, Frankfurt:T2N, OTCQX:CTLHF) is an exploration and development company advancing lithium projects in Chile for the clean energy transition. Committed to net-zero, CleanTech Lithium's mission is to become a new supplier of battery grade lithium using Direct Lithium Extraction technology powered by renewable energy.

CleanTech Lithium has two key lithium projects in Chile, Laguna Verde and Viento Andino, and exploration stage projects in Llamara and Arenas Blancas (Salar de Atacama), located in the lithium triangle, a leading centre for battery grade lithium production. The two most advanced projects: Laguna Verde and Viento Andino are situated within basins controlled by the Company, which affords significant potential development and operational advantages. All four projects have good access to existing infrastructure.

CleanTech Lithium is committed to utilising Direct Lithium Extraction with reinjection of spent brine resulting in no aquifer depletion. Direct Lithium Extraction is a transformative technology which removes lithium from brine with higher recoveries, short development lead times and no extensive evaporation pond construction. www.ctlithium.com
