CleanTech Lithium PLC ("CleanTech Lithium" or the "Company")

Extension to Loan Notes Maturity Date

CleanTech Lithium PLC (AIM: CTL, Frankfurt: T2N), an exploration and development company focused on advancing sustainable lithium projects in Chile, announces it has agreed a short-term extension to the Loan Notes details of which were first announced on 1 July 2024.

The one-month extension to the maturity date will allow the Company to finalise its discussions to replace the existing Loan Notes. The revised maturity date of the Loan Notes is agreed to be 31 July 2025.

Ignacio Mehech, Chief Executive Officer, CleanTech Lithium PLC, said: "This extension will help the Company in its efforts to replace the existing Loan Notes with new funding support. We're excited about the live discussions and will look forward to updating the market further in due course."

The information communicated within this announcement is deemed to constitute inside information as stipulated under the Market Abuse Regulations (EU) No 596/2014 which is part of UK law by virtue of the European Union (Withdrawal) Act 2018. Upon publication of this announcement, this inside information is now considered to be in the public domain. The person who arranged for the release of this announcement on behalf of the Company was Gordon Stein, Director and CFO.

Notes

CleanTech Lithium (AIM:CTL, Frankfurt:T2N) is an exploration and development company advancing lithium projects in Chile for the clean energy transition. CleanTech Lithium has two key lithium projects in Chile, Laguna

Verde and Viento Andino, and exploration stage project in Arenas Blancas (Salar de Atacama), located in the lithium triangle, a leading centre for battery grade lithium production.

CleanTech Lithium is committed to utilising Direct Lithium Extraction ("DLE") with reinjection of spent brine resulting in no aquifer depletion. Direct Lithium Extraction is a transformative technology which removes lithium from brine with higher recoveries, short development lead times and no extensive evaporation pond construction.
