

Reach Announcement

26 November 2025

Fulcrum Metals Plc

("Fulcrum" or "Fulcrum Metals" or the "Company")

Attendance at Resourcing Tomorrow

Fulcrum Metals plc (LON: FMET), a company pioneering the use of innovative cyanide free technology to recover precious and critical metals from mine waste, is pleased to announce that it will be attending the Resourcing Tomorrow conference in London, taking place from 2-4 December 2025.

Chief Executive Officer Ryan Mee, Corporate Development Officer Aidan O'Hara and Chairman Mitchell Smith will represent the Company at the event, which will be held at the Business Design Centre, 52 Upper Street, London, N1 0QH.

Fulcrum Metals will be available to meet existing and prospective stakeholders, as well as other interested parties at its exhibition stand C47. To arrange a meeting with the Company, please contact Fulcrummetals@stbridespartners.co.uk.

Details of the conference can be found [here](#).

Notes to Editors

FULCRUM METALS - BACKGROUND

About Fulcrum Metals PLC

Fulcrum Metals PLC (AIM: FMET) is an AIM listed technology led natural resources company focused on recovery of precious metals from mine tailings (previously milled and processed ore) in Canada using environmentally friendly leaching technology developed by Extrakt Process Solutions LLC and its associates (together "Extrakt"). The Company's projects are the tailing sites of the former Teck-Hughes and Sylvanite gold mines, located at the Kirkland Lake region in Ontario. In addition, the Company has interests in a portfolio of highly prospective mineral exploration and development projects in both Ontario and Saskatchewan Canada.

Fulcrum has an exclusive Master Licence Agreement for the rights to Extrakt's proven cyanide free technology on gold mine waste sites over the mining districts of Timmins and Kirkland Lake. These are two of Canada's biggest gold camps with historical gold production of over 110Moz over the past 100 years with more than 70 documented legacy mine waste sites. This presents Fulcrum with the opportunity to develop into a significant environmentally friendly gold producing entity.

About Reach announcements

This is a Reach announcement. Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only / non-regulatory news releases into the public domain. Information required to be notified under the AIM Rules for Companies, Market Abuse Regulation or other regulation would be disseminated as an RNS regulatory announcement and not on Reach.

This information is provided by Reach, the non-regulatory press release distribution service of RNS, part of the London Stock Exchange. Terms and conditions relating to the use and distribution of this information may apply. For further information, please contact rns@lseg.com or visit www.rns.com.

RNS may use your IP address to confirm compliance with the terms and conditions, to analyse how you engage with the information contained in this communication, and to share such analysis on an anonymised basis with others as part of our commercial services. For further information about how RNS and the London Stock Exchange use the personal data you provide us, please see our [Privacy Policy](#).
