Fulcrum Metals plc

("Fulcrum" or the "Company" or the "Group")

New Corporate Presentation

Fulcrum Metals plc (AIM: FMET), a company pioneering the use of innovative cyanide free technology to recover precious and critical metals from mine waste in Canada, is pleased to announce that an updated corporate presentation has been published on the Company's website.

Ryan Mee, CEO of the Company, is using the new corporate presentation at the Resourcing Tomorrow conference where he will be speaking on Wednesday 3 December at 12pm.

In addition, the Company is also exhibiting at the conference, where Ryan and other members of the team, including Corporate Development Officer, Aidan O'Hara and Chairman, Mitchell Smith, are available to speak to existing and potential investors at its exhibition stand C47.

The new corporate presentation can be viewed at: https://fulcrummetals.com/investors/research-reports-presentations/

Notes to Editors

About Fulcrum Metals PLC

Fulcrum Metals PLC is an AIM quoted technology led natural resources company focused on recovery of precious metals from mine tailings (previously milled and processed ore) in Canada using environmentally friendly leaching technology developed by Extrakt Process Solutions LLC and its associates (together "Extrakt"). The Company's projects are the tailing sites of the former Teck-Hughes and Sylvanite gold mines, located at the Kirkland Lake region in Ontario. In addition, the Company has interests in a portfolio of highly prospective mineral exploration and development projects in both Ontario and Saskatchewan Canada.

Fulcrum have entered into a Master Licence Agreement (MLA) with Extrakt for the exclusive licence rights using their proven technology on legacy gold mine waste sites over the mining districts of Timmins and Kirkland Lake which includes Fulcrum's Teck Hughes and Sylvanite projects. Fulcrum are developing the Teck Hughes and Sylvanite tailing sites to unlock the significant mineral wealth and delivering a scalable concept across two of Canada's biggest gold camps with a history of over 110 million ounces of gold production and more than 70 mine waste sites.

About Reach announcements

This is a Reach announcement. Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only / non-regulatory news releases into the public domain. Information required to be notified under the AIM Rules for Companies, Market Abuse Regulation or other regulation would be disseminated as an RNS regulatory announcement and not on Reach.

This information is provided by Reach, the non-regulatory press release distribution service of RNS, part of the London Stock Exchange. Terms and conditions relating to the use and distribution of this information may apply. For further information, please contact rns@lseg.com or visit www.rns.com.

RNS may use your IP address to confirm compliance with the terms and conditions, to analyse how you engage with the information contained in this communication, and to share such analysis on an anonymised basis with others as part of our commercial services. For further information about how RNS and the London Stock Exchange use the personal data you provide us, please see our Privacy Policy.
