Contract Extensions with Public Sector Customers

Crimson Tide plc (AIM: TIDE), the provider of the mpro5 operational compliance platform, is pleased to announce that it has agreed 12-month extensions to two existing public sector contracts, representing combined annual recurring revenue ("ARR") of £211k.

Both customers use mpro5 to digitalise routine inspection, servicing and compliance activity across large, geographically dispersed estates, replacing paper-based records with real-time data capture and giving central teams consistent visibility of standards across all locations.

Commenting on the extensions, Jon Clarke, CEO of Crimson Tide plc, said:

"We are pleased that both of these customers have chosen to extend their contracts. Public sector organisations face the same operational challenge as our largest commercial customers - maintaining consistent standards across a large and varied estate - and this is where mpro5 excels."
