About Crimson Tide

Crimson Tide plc is the provider of mpro5, one connected platform for running frontline operations and compliance. mpro5 brings tasks, compliance, CAFM, training and communications together in a single app, replacing the multiple systems that multi-site operators typically rely on. Every check is scheduled, assigned, tracked to close and recorded with a time, location and photo, giving head office an audit-ready view of every site. The platform serves food manufacturing, hospitality, contract catering, retail, facilities management, healthcare, rail and education, with customers in the UK, Ireland and the United States.

Crimson Tide was founded in 1996 and has been quoted on AIM since 2006.
